Dear Hiring Manager,

I am applying for the part-time Front Desk Member Services Representative role at the Royal Glenora Club. I am based in Edmonton and enjoy being the first point of contact: greeting people warmly, answering phones professionally, keeping member information accurate, and solving small problems before they grow. My Best Buy role is high-volume frontline service where I multitask, document carefully, and stay calm when the floor is busy.

How I would support the Member Services desk:

- Welcome members and guests with a friendly, professional first impression
- Help with program information, bookings-style requests, and general inquiries
- Process membership updates accurately and keep notes organized for the team
- Answer and direct calls clearly; escalate concerns promptly when needed

I can commit to at least 24 hours per week and am flexible for evenings until midnight, weekends, and holidays. I learn new booking and point-of-sale systems quickly when the process is clear. Resume attached; happy to discuss shift coverage and start availability.

Best regards,

Lillian Schule Zech
