Dear Hiring Manager,

I am applying for the Social Media & Communications Coordinator role at YMCA of Northern Alberta. At Phantom Avenue I owned day-to-day social storytelling with photo and video; at Lumin Marketing Group I own delivery for 2 active SMB client accounts across social, Meta Ads, SEO, and clear performance notes. Your mix of multi-platform content, on-site capture at programs and events, engagement monitoring, and collaborative brand storytelling is a strong fit for how I already work in Edmonton.

How I would support YMCA marketing and communications:

- Manage Facebook, Instagram, LinkedIn, TikTok, YouTube, and X with consistent calendars, captions, and brand voice across programs and regions
- Shoot and edit practical photo and video at events and facilities, then turn moments into posts that invite people to belong
- Monitor comments, reviews, and mentions; escalate reputational risks quickly and keep leadership informed
- Report what content engaged, what to test next, and use Claude and Claude Code to speed drafts and QA checklists with human review before publish

I am honest that deep daily Adobe Creative Cloud production (InDesign, Illustrator, Premiere Pro) is still growing versus my practical photo/video and social shipping path. What transfers is multi-platform ownership, Meta Social Media Management certification, stakeholder communication from Audi Southgate Fixed Ops and client work, and a bias toward clear, people-first storytelling. Resume attached. Happy to share sample social calendars and content examples.

Best regards,

Dylan Michael
