Web optimization and SEO candidate for BIS Safety Software (Sherwood Park). Owns organic growth, WordPress site health, on-page conversion fixes, and clear performance reporting for 2 active SMB client accounts at Lumin Marketing Group. Comfortable pairing paid landing-page improvements with technical SEO (indexation, structure, Search Console) and practical AI search visibility (AEO/GEO framing). Uses Claude and Claude Code for research and drafting with human review before publish. Honest that formal multi-person web-team leadership is still growing; delivery ownership and quality bar are the case.
