Dear Hiring Manager,

I am applying for the Night Receiver role at Princess Auto Edmonton. I live in south Edmonton at 11110 68 Ave NW and am available for evening and overnight shifts (including the posted 6:00 pm start window).

Why I fit the night team:

- Comfortable with paced overnight warehouse and floor-prep work: sorting, stocking, organizing, and accurate product placement
- Strong stamina from high-volume Audi Southgate Fixed Ops; used to standing and moving for long stretches
- Detail-oriented on inventory placement and keeping the warehouse tidy for the day team
- Reliable attendance and coachable on Princess Auto processes and Royal Service

Resume attached. Ready to learn your night-team methods quickly.

Best regards,

Dylan Michael
