Dear Hiring Manager,

I am applying for the Operations Consultant role at Sephora Meadows (store 1618, 2050 38 Avenue). I live in south Edmonton at 11110 68 Ave NW and want full-time stockroom and operations work with flexible retail hours.

How I would support store ops:

- Receive and process shipments quickly and accurately; keep the stockroom organized
- Handle transfers, damages, and inventory notes with attention to detail
- Lift and move merchandise as needed; stay on my feet for full shifts
- Support the floor with clear communication when clients need help (Audi Southgate Fixed Ops background)

Available evenings, weekends, and holidays. Resume attached; ready to learn Sephora standards quickly.

Best regards,

Dylan Michael
