Dear Hiring Manager,

I am applying for the Retail Support Agent role with AMA Member Services. I am based in Edmonton and can commute to St. Albert and Edmonton centres. I enjoy being a welcoming first point of contact: greeting people, processing transactions accurately, answering questions clearly, and connecting members to the right help when a need is more complex. My Best Buy work is high-volume frontline service with careful account updates and calm problem-solving.

How I would support the Member Services centre:

- Welcome members with a friendly, professional first impression
- Complete membership and retail transactions accurately and confidentially
- Listen for what the member needs and route complex requests to the right specialist
- Back up the team with admin support, organization, and reliable coverage

I am 18+, have a high school diploma (Honours), and am ready to complete a Police Information Check. I learn product and system details quickly when the process is clear, and I am motivated by practical member help more than hard selling. Resume attached; happy to discuss the St. Albert six-month posting and the Edmonton priority list for upcoming openings.

Best regards,

Lillian Schule Zech
