Dear Hiring Manager,

I am applying for the remote Digital Marketing Specialist role (Huzzle placement with your Colorado agency client). I am based in Edmonton and available for 9:00 AM to 5:00 PM Mountain Time. At Lumin Marketing Group I am the primary owner for 2 active SMB client accounts across SEO, paid media, local search, and reporting, so clients get a clear story and a next action, not a dashboard dump.

How I would support the client portfolio:

- Own SEO and local search recommendations using SEMrush / Search Atlas, Google Business Profile, and on-page structure work
- Plan and steward Google Ads and Meta campaigns with creative tests and budget discipline
- Turn GA4 and Google Search Console trends into client-ready recommendations and expansion ideas
- Use Claude and Claude Code for research and drafting, with human review before anything goes to a client

I am honest that most of my client book has been Canadian SMB and local brands rather than a large US multi-vertical agency roster, and that healthcare/regulated vertical depth is still growing. What transfers is client clarity, SEO plus paid fluency, and paced delivery. I am targeting base pay at or above CAD \$60,000 (or USD equivalent). Resume attached; happy to share a sample client report outline.

Best regards,

Dylan Michael
