Dear Hiring Manager,

I am applying for the SEM Coordinator role at Clever Digital Marketing (remote Canada, \$58,000--\$65,000 band). I am based in Edmonton and available fully remote. At Lumin Marketing Group I plan and run Google Ads Search campaigns for SMB clients: keyword structure, ad copy tests, budgets, and reporting that shows what to scale next.

How I would support Clever's Paid Search team:

- Support build, launch, and day-to-day management of Google Ads Search campaigns with clear structure and pacing
- Write and test ad copy; track CPL and conversion quality in Google Ads and GA4; cut waste quickly
- Contribute weekly and monthly insight notes so managers can brief clients with clean numbers
- Use Claude and Claude Code for keyword research and draft copy angles, with human review before publish

I am honest that home-improvement lead-gen at \$50k+/month account scale is still growing compared with Clever's large US/Canada book, and that my current book is two SMB accounts rather than a full coordinator caseload. What transfers is hands-on Google Ads ownership, Google Ads Certification, paced testing, and clear reporting. I am targeting the upper end of the posted band at or above CAD \$60,000. Resume attached.

Best regards,

Dylan Michael
