Dear Hiring Manager,

I am applying for the Paid Growth Lead role at Flywheel Digital (remote-first, CAD \$80,000--\$100,000). I live in Edmonton and can work asynchronously across Canada. At Lumin Marketing Group I plan and run Google Ads and Meta campaigns for SMB clients, own the client conversation, and use Claude and Claude Code to speed research and draft angles with human review before publish. Your posting calls out Claude experience as a bonus; that is already part of how I ship marketing work.

How I would support Flywheel paid growth clients:

- Own day-to-day Google Ads and Meta execution: structure, budgets, creative tests, and paced optimization
- Tie campaign work to CAC-minded outcomes and clear client updates senior stakeholders can trust
- Bring CRO and landing-page recommendations alongside platform work, not only ad toggles
- Use Claude and Claude Code for research, creative angles, and analysis drafts, then apply client-specific judgment before anything ships

I am honest that sustained 5- and 6-figure monthly media books, deep Performance Max / ecommerce unit-economics ownership, and Flywheel-scale client portfolios are still growing versus my current two SMB accounts. What transfers is Google Ads Certification, hands-on Meta and Google ownership, client communication, and practical AI leverage. Resume attached.

Best regards,

Dylan Michael
