Dear Hiring Manager,

I am applying for the Marketing Coordinator role at Reach First. I am based in Edmonton and available for remote work with local conferences and meetings as needed. At Lumin Marketing Group I coordinate digital marketing delivery for 2 active SMB client accounts, so client communication, onboarding support, and paced multi-channel execution are weekly work, not theory.

How I would support Reach First client delivery:

- Translate client goals into clear SEO, paid, content, and website tasks, then keep delivery on schedule
- Support onboarding and ongoing communication so specialists know priorities and clients see progress
- Track and summarize performance in GA4, Google Search Console, and Sheets for decision-ready updates
- Use Claude and Claude Code for research and drafting, with human review before publish

I am honest that I do not hold a bachelor's degree. What transfers is agency-style ownership: SEO and paid campaign work, WordPress publishing, and keeping clients moving from brief to report. I am targeting base pay at or above CAD \$60,000. Resume attached.

Best regards,

Dylan Michael
