Dear Hiring Manager,

I am applying for the Google Ads Account Manager role at Ignite PPC (remote). I am based in Edmonton, Alberta, Canada and available fully remote. At Lumin Marketing Group I own Google Ads strategy and execution for SMB clients: Search structure, budgets, creative tests, and reporting tied to lead quality, not vanity clicks.

How I would support Ignite PPC clients:

- Manage and optimize Google Ads campaigns with clear targeting, bidding, and test plans
- Lead client conversations with concise insights: traffic, leads, and what to change next
- Spot funnel bottlenecks beyond the ad (landing page, offer, follow-up) and recommend fixes
- Use Claude and Claude Code for research and draft recommendations, with human review before publish

I am honest that a 15--16 account real-estate-investor book is larger than my current two-client SMB agency load, and that US real-estate investor niches are new vertical depth for me. What transfers is Google Ads Certification, hands-on Search ownership, client-facing reporting, and accountability for results. Please confirm Canada-based remote eligibility and base pay at or above CAD \$60,000 (or USD equivalent). Resume attached.

Best regards,

Dylan Michael
