Dear Hiring Manager,

I am applying for the Search Advertising Specialist (E-Commerce) role at BlueTuskr (remote). I live in Edmonton and am eligible to work in Canada. BlueTuskr's focus on deep SEM craft under a clear SEM Lead matches how I want to grow: execute Search work carefully, sweat account details, and learn Shopping and Performance Max with mentorship. At Lumin Marketing Group I own Google Ads and Meta execution for 2 active SMB accounts, with GA4 reporting and Go High Level follow-up so leads do not stall after the click. I am Google Ads Certified and take direct feedback well.

How I would support BlueTuskr SEM:

- Build and optimize Google Ads search campaigns: keywords, negatives, bids, budgets, and RSA tests aimed at CPA and ROAS
- Keep daily pacing and change logs honest; flag anomalies early before they become client problems
- Support SEM Lead strategy with clean Sheets reporting and prep notes ahead of client calls
- Use Claude and Claude Code to speed research and draft angles, with human review before publish

I am honest that mature Shopping / Performance Max books and large pure e-commerce / D2C agency portfolios are still growing compared with BlueTuskr's client set; my current book is two SMB accounts rather than a multi-brand e-commerce SEM roster. What transfers is hands-on Google Ads execution, Google Ads certification, coachability under lead direction, conversion-minded reporting, and comfort using AI tools to work faster without skipping human review. Resume attached.

Best regards,

Dylan Michael
