Dear Hiring Manager,

I am applying for the Account Manager role at DOE Media (remote; 9:00 AM to 5:00 PM CT). I live in Edmonton and am a Canadian resident, and that schedule maps cleanly to my local day. DOE's data-over-ego franchise advertising model matches how I already work with local businesses: explain Google Ads and Meta performance in plain language, keep follow-ups tight, and tie recommendations to booked work rather than vanity metrics. At Lumin Marketing Group I own client delivery for 2 active SMB accounts across paid media, CRM follow-up, and reporting.

How I would support DOE franchise partners:

- Lead clear weekly or bi-weekly check-ins: what spent, what converted, and what to change next
- Translate Google Ads and Meta data into practical recommendations franchise owners can act on
- Keep projects, asset requests, and follow-ups organized across multiple active accounts
- Use Claude and Claude Code for research and draft notes, with human review before anything goes to a client

I am honest that owning 40 to 50 franchise locations at DOE's network scale is larger than my current book of two SMB accounts, and deep franchise-corporate matrix experience is still growing. What transfers is client-facing ownership from Audi Southgate Fixed Ops and Lumin account work, Google Ads and Meta literacy for local businesses, and reliable follow-through. Resume attached.

Best regards,

Dylan Michael
