Dear Hiring Manager,

I am applying for the Digital Marketing Specialist (Paid Media and Growth) role at Laivly (remote Canada). I live in Edmonton and am a Canadian resident. At Lumin Marketing Group I plan and run Google Ads and Meta campaigns for SMB clients, then connect clicks to CRM follow-up so leads do not stall. I am Google Ads Certified and used to owning outcomes with clear reporting.

How I would support Laivly growth:

- Build and optimize paid campaigns across Google Ads and Meta, with room to grow LinkedIn Campaign Manager depth
- Pair paid work with nurture-style follow-up and audience hygiene (Go High Level today; ready to transfer into HubSpot)
- Support LinkedIn brand growth with practical prompts and scheduling habits the sales team can use
- Use Claude and Claude Code for research and draft angles, with human review before publish

I am honest that deep HubSpot Marketing Hub ownership, AdRoll, and a multi-year B2B SaaS paid-media book are still growing compared with Laivly's stack and scale; my current book is two SMB accounts rather than a full in-house specialist caseload. What transfers is hands-on Google and Meta execution, conversion-minded reporting, CRM follow-through, and comfort using AI tools to work faster without skipping human review. Resume attached.

Best regards,

Dylan Michael
