Dear Hiring Manager,

I am applying for the Paid Media Manager role at Level Agency (remote, Canada-eligible). I live in Edmonton and am legally eligible to work in Canada. Level's focus on in-platform ownership, testing discipline, and outcomes beyond clicks matches how I work: stay in Ads Manager, sweat pacing and structure, and report what to change next. At Lumin Marketing Group I own Google Ads and Meta execution for 2 active SMB accounts, with GA4 reporting and Go High Level follow-up so leads do not stall after the click. I am Google Ads Certified.

How I would support Level paid media:

- Build and optimize Google Ads and Meta campaigns: structure, bids, budgets, creative tests, and search-term or audience hygiene
- Track pacing, CPA, and ROAS honestly; flag risks early and reallocate spend toward what is working
- Partner with creative and analytics so tests stay sequenced and measurement stays trustworthy
- Use Claude and Claude Code to speed research and draft angles, with human review before publish

I am honest that multi-million annual media books, LinkedIn / TikTok / DV360 depth, and Looker or Tableau dashboard craft are still growing compared with Level's account set; my current book is two SMB accounts rather than a high-consideration multi-brand roster. What transfers is hands-on paid search and paid social execution, Google Ads certification, conversion-minded reporting, and comfort using AI tools to work faster without skipping human review. The posted Canada band of CAD \$80k--\$115k clears my CAD \$60k floor. Resume attached.

Best regards,

Dylan Michael
