Dear Hiring Manager,

I am applying for the Marketing Coordinator role at Victor Energy in Nisku. I live nearby in south Edmonton (11110 68 Ave NW) and am available for on-site work at 1511 Sparrow Drive. At Lumin Marketing Group I own day-to-day marketing for 2 active SMB client accounts: website and social content, SEO support, Canva-ready assets, CRM organization, and clear reporting for stakeholders.

How I would support Victor Energy marketing:

- Coordinate campaign materials, project profiles, and brand-consistent content for web, social, and print
- Support proposal and bid packages with organized collateral, deadlines, and clear formatting
- Maintain social scheduling and basic SEO / digital advertising support with monthly metric summaries
- Use Claude and Claude Code for research and drafting, with human review before anything publishes

I am honest that my highest listed education is a high school diploma (equivalent experience is listed as considered), that deep Adobe Creative Cloud production is still growing versus Canva-strong delivery, and that construction / utilities sector marketing is newer than my SMB agency book. What transfers is paced ownership, clear writing, cross-team coordination, and comfort keeping multiple priorities moving. I am targeting base pay at or above CAD \$60,000. Resume attached.

Best regards,

Dylan Michael
