Dear Hiring Manager,

I am applying for the Marketing Coordinator role (12-month maternity leave coverage) at Waste Logic in Edmonton. I am based in Edmonton and available for the in-office schedule. At Lumin Marketing Group I own the day-to-day marketing mix for 2 active SMB client accounts: website updates, SEO support, content and social calendars, email/CRM outreach, and reporting sales can act on.

How I would cover the coordinator scope:

- Keep website content, blogs, and career postings current; support keyword research and on-page SEO with GA4 / Search Console reporting
- Ship social posts, Canva graphics, and brand-consistent materials for campaigns and events
- Build email/newsletter templates and simple CRM follow-ups so leads do not stall
- Use Claude and Claude Code for research and drafting, with human review before anything publishes

I am honest that my highest listed education is a high school diploma, not a marketing diploma or degree, and that my graphic work is Canva-strong rather than deep Adobe production. What transfers is paced ownership, clear writing, and comfort partnering with sales on lead generation. I am targeting base pay at or above CAD \$60,000 for this term. Resume attached; happy to walk through a sample content calendar or campaign report.

Best regards,

Dylan Michael
